Students get 'slimed' while learning teamwork

Second-grader Jarrett West (on left) and first-grader Hannah Shular were among South Elementary School students who got to participate in the final "slime" game during the school's "Super U! Challenge" assembly Friday afternoon. Presented by the South School PTO and arranged by PTO President Joe Judge, the event promoted teamwork and a bully-free school environment, while providing the kids an exciting assembly. In back is Super U! Challenge game host Chris Lynd.
